

Avoca Painting School:

2020 Outdoor Painting Workshop Covid-19 Guidelines

We have requirements to observe while conducting our workshop during Covid-19. In principle the day's format will change little from pre-Covid times but we ask you to participate responsibly so that we all feel safe to enjoy our painting time fully. We have a few advantages over other activities which simplify our obligations. Firstly, we are working outdoors, also we are a small group of ten students and finally we have four months experience of the hygiene protocol.

On the day:

- We will display signage to remind students & public alike to observe social distancing
- We will have hand sanitiser available
- We will be maintaining a list of students contact details in the event of contact tracing

We ask students to:

- Please bring your own personal hand sanitiser
- Please bring a mask (necessary if using the café or toilettes)
- Please do not share your equipment or food
- Please use the [hand sanitiser](#) provided after each visit to communal paint supplies (for students who have booked a materials package)
- Please observe 2-meter [social distancing](#)
- Please observe [hand hygiene](#)
- Please observe [coughing / sneezing etiquette](#)
- Please do not attend if you are experiencing any of the following [symptoms](#):
 - o fever
 - o dry cough
 - o loss of taste or smell

Contact Tracing:

Because some of you have booked for a friend or family member it is important that we have those persons' contact details ahead of the workshop. **We ask you now to confirm if the booking is for yourself or someone else. In the event the booking is for someone else please provide the name, mobile number, and email of that person.** Please forward this info to info@avocagallery.com
